## Senior Birthday Program

Do something your competitors are not!  
With our Senior program anyone in your trade area between the ages of 60 and 75 would receive a Birthday card in the month of their Birthday. Seniors don't receive many Birthday cards especially from their pharmacy. They appreciate the remembrance and the discount or gift you give them so much that they start getting their prescriptions from you. Remember you already have current customers birthday's in your prescription files.
