# Monthly savings for your pharmacy

We know your pharmacy is looking for every opportunity to save time and money. Now McKesson and APCI are offering a monthly service with our biggest savings yet.

**How it works**

Every month you'll automatically receive a new box of short dates and discounted buys customized to your pharmacy's dispensing and purchasing patterns. You'll never be sent more than 30 days of inventory based on your pharmacy's history.

**Guaranteed Savings**

Take advantage of this unique buying opportunity to get the drugs you routinely dispense at deep discounts! Enjoy savings of at least 20% and up to 50% off APCI/McKesson NET pricing (after rebates & dividends). Select one of two monthly options—a box with a price of less than \$1,000, or a box with all in stock items.

**Customized to Your Pharmacy**

You're not going to get stuck with products you can't move—every box is crafted from your pharmacy's unique dispensing and purchasing history to ensure you're receiving the products you're moving the most and getting the biggest savings based on your business.

**Counts for Compliance**

You don't need to worry about how this program will impact your compliance either. These monthly boxes count toward your APCI/McKesson purchase commitment programs! Please note, products are sold at NET, non-rebatable, and non-returnable. Speak with your rep if you have any questions.

**Starting 2024, we now offer customization through Smartsheet.**

While it is active, you will have a 48-hour window to log in and adjust your order by increasing or decreasing the items available that month. If you miss the window, we will still send a box with the recommended quantities.

**No Enrollment Fees. Cancel Anytime Before Next Shipment.**

**Sign up today to start saving!** Fill out the registration form via DocuSign or email [APCIprogram@McKesson.com](mailto:APCIprogram@McKesson.com) to start saving more on the items you sell most.
