## WHY PAY MORE?

### TRY OUR EVERYDAY DOLLAR PRODUCTS!

We have lots of hidden gems in our Dollar Section for those wanting to save money on products you use on a regular basis. You'll find dozens of quality, everyday products you may like just as well as the national brands at a much lower price. While there are certain products that are worth the splurge at a higher price, don't overpay for day-to-day items. *It's worth checking out our Dollar Section to find some great buys for only \$1!*

## FIREWORKS SAFETY... HAVE FUN & PROTECT YOUR FAMILY THIS HOLIDAY!

Who can picture July 4 in America without fireworks? They're part of the celebration, of course. But fireworks can be dangerous, causing serious burns and eye injuries. It's always best to attend a community celebration where fireworks are handled by the pros. But if fireworks are legal where you live and you decide to set them off on your own, be sure to follow these important safety tips:

- Never allow children to play with or ignite fireworks.
- Read and follow all warnings and instructions.
- Be sure other people are out of range before lighting fireworks.
- Only light fireworks on a smooth, flat surface away from buildings, dry leaves and flammable materials.
- Never try to re-light fireworks that have not fully functioned.
- Keep a bucket of water handy in case of a malfunction or fire.
