

McKesson Flu Vaccine Timeline

McKesson Flu Vaccine Talking Points

Reservation Window

The reservation window is open from January to June 1. You can make adjustments to your reservations during this time. If you do not have a reservation, contact immunize@mckesson.com to place a reservation.

Order Reservation

Your reserved quantity will be stored at your local distribution center. You can order as needed from your reservation and open stock.

Product Shipped to McKesson

20%	50%	100%
-----	-----	------

Flu vaccines are shipped from late July to October in waves. Our suppliers will typically ship a percentage of vaccines by item in the method listed on our timeline. If you are planning marketing efforts or local clinics, please keep the timeline in mind.

***Release Reserved
Product*****

We want your flu season to be successful. If you need to continue to reserve product after October 1, please contact us at immunize@mckesson.com and we will keep your reservation.

This report shows an account level view of your flu vaccine pre-orders for the current flu season. During flu season, use this report to track your purchases and remaining balance against your pre-ordered amount. Please note your allocation balance is dependent on manufacturer shipping. This report will be refreshed at the start of each flu season. If you did not pre-order flu vaccines with McKesson, this report will not display.
