

2018/2019 FLU SEASON

Are You Utilizing All Of Your Tools To Improve Vaccination Rates For Your Patients?

Do you have a Standing Order Protocol (CPA) for immunizations? If not, keep reading to learn more important information.

In preparation for the upcoming Flu Season of 2018/2019, all stores should make sure you have a Standing Order Protocol (CPA) for immunizations in place. If you currently have a protocol, great. Just make sure it is up to date. Having a protocol will make the process of giving immunizations much easier. With a protocol, you will be able to administer all vaccines that are permitted by your state.

If you are a Choice member, the Vaccine Standing Order Protocol (CPA) is included in the Vaccine Complete Module of Prescribe Wellness. You do not have to pay any additional fees. We should be thinking about vaccinating year-round so do not delay, request this service today. **Contact Jeff Church at jeffc@apcinet.com to request your CPA from Prescribe Wellness or for more information.**
